

AERO 023: Aerospace Studies 200 II

Provide a fundamental understanding of both leadership and team building. Students are taught that there are many layers to leadership, including aspects that do not always come to mind. Such things include listening, understanding themselves, being a good follower, and problem-solving efficiently. The students will apply these leadership perspectives when completing team-building activities and discussing conflict management. Students should demonstrate basic verbal and written communication skills.

Credits: 1
