

# Military /Aerospace Leadership

The leadership minor is intended for students who want to explore further the theoretical foundations of leadership. This is an interdisciplinary minor that draws on different conceptions of leadership from across the curriculum. Students from a variety of academic areas are encouraged to participate in this educational experience. Courses for this program are designed to inform students about the concepts, theories, and issues related to leadership. Students may choose to pursue a leadership minor using either the Military Science, Naval Science, or Aerospace Science track.

This program consists of approximately 16 - 18 credit hours. Please consult an advisor for requirements.
