

MJFC 211: Announcing and Interviewing (Podcast)

Develop the techniques and skills for producing effective audio for broadcast. Learn to write and perform scripts for news, features, commercials and entertainment programming that can be aired on radio or the Internet. Train how to use the voice through the microphone to produce compelling audio interviews and create audio dramas. Explore radio broadcasting and production voiceover opportunities. Productions with exceptional broadcast quality may be published through the Howard University Radio Network.
